Boston, March 25. 1860.

Dear Charley;

Last Monday I rec^d. the 2^d instalment of your Report for 1858-59, and looked for the remainder this week, but it has not come to hand. — A "fearful looking-for" of disappointment again this year, in regard to the seasonable publication of our Reports, is beginning to oppress me — but I hope it will soon pass away like the clouds & mists of early morning. — Suffer me to be importunate! Why will you

not put aside all lecturing, all business & occupation, saving your Sunday services alone, until the work is completed.? - You know we set our hearts on bringing up our Reports all right, at this years Annual Meeting; - am I not quite right in thinking that nothing but a special, extra, and continuous effort, on your part, will enable you to accomplish your work in time - for that end

Pray let me hear from
you soon, and say if there
be anything we can do here
to facilitate your labors.

As ever,
Yours truly Yours
Saml Mayo
